Great Wave Of Prosperity Strikes Pontotoc County

Steedman Oil Fields Being Opened; Prospectors Coming In.

To a tune made by the hammers of carpenters and the trowels of brick masons, Ada and Pontotoc county are doing the "Prosperity Jazz" and will continue the festivities for some time to come.

During the past three months business in every class has prospered in this city. During this time 16 modern brick and stone business houses have been erected, a modern \$100,000 theater, and \$325,000 spent on the waterworks system. These are only a few of the things being done in the Double-A City. Yes, we might add that an Alalfa Milling Company is spending \$75,000 for the installation of a modern feed mill. And so turns the wheel of prosperity.

To add quite a bit of energy to the already speedy boom, R. L. Ford, a pioneer of this country, started things going a few days ago by bringing in two oil wells that were drilled in offset to wells that were given up as "dry." Of course we all know that it took nerve and a lot of money, but the old timers in this neck of the woods are often guilty of taking plunges. Today, the field is full of men who are seeking to "get in on the deal." Not only are there men who came here for the sole purpose of investing in oil, but men and some women are buying Ada property. They are plunging in the new additions, even

taking a chance on suburban farms, with the expectation of winning within the next few months.

Automobile men in this city, and there are many, as evidenced by those who are advertising their particular makes of cars in this issue, report increased sales on all cars. They are claiming that shortage of the finished products from the factories have held the sales to a drawback something over 50 per cent. There are very few farmers in this section who do not own automobiles, and be it remembered that automobiles are the sign of prosperity. Trouble with the railroad facilities have hindered the prompt delivery of cars from factories, but this congestion is well under control at present and not only will the manufacturers of automobiles and other motor vehicles get their products to the public, but the backbone of American industry—the farmer, is assured that his product will be handled to his satisfaction this fall by the railroads.

Tomorrow will show the most skeptical that Ada and Pontotoc county are prospering. Early in the morning the streets will begin to fill and by the noon hour it will be a hard matter to find your way down the sidewalks. This Saturday will be somewhat of an "extra" affair, due to the fact that the Pontotoc County Boys and Girls Clubs are to hold a meeting on the Normal campus. This will bring additional people to the city on this date, however the Saturday crowds are very large and always remain until late in the night. Ada is an old established trading point, the Indians came here years ago and

bought provisions, the merchants treated them good, sold honest goods at honest prices and today this old custom is still in force. An honest reputation is one of the best advertising factors that any town can possibly want. The confidence of your fellowman is essential in the business whirl of today. Ada people have created that confidence among themselves and citizens of Pontotoc county are assured when they enter any business institution of this city that honesty, friendship and a better brand of merchandise is found.

To the man who would like to visit this city, the best of hotel accommodations are at his disposal. To the man who is seeking employment, the city industrial institutions are always looking for reliable men, the contractors who are in charge of the new buildings are always wanting men, the local merchants state that help in their stores is always short, the offices of corporations over the city need stenographers, bookkeepers and other similar people. The oil fields in and around the city are needing men, the drawback of the newly opened oil field was partially the cause of so many drawbacks encountered in the fields. To sum the situation, we will just say to the people of the world: "Come to the Double-A City, look the prospects over and you will find the best town of the size and population in the U. S., and one with the brightest future."

Again we invite you to visit Ada, the habitude of progress, the stamping ground of enterprise and the home of prosperity. Come to see us.

BIG BATTLE IS NOW UNDERWAY

Struggle for the Possession of City of Limberg Has Begun.

By the Associated Press

WARSAW, July 30.—Fighting appeared to have eased up on the northern front. In the center there are rear guard actions with withdrawing Poles keeping in contact with their right and left wings. In the south the battle for possession of Limberg is impending, or already is underway, while in the center the Poles in their retreat have not reached the ethnophilic frontier of Poland, toward which the Bolsheviks seemingly are aiming before an armistice is proclaimed.

Refugees and others who have arrived in Limberg, say the Bolsheviks who have reached the eastern Galicia already have issued orders calling to arms all males from 15 to 50 years of age within the invaded territory.

The Poles are determined to defend Limberg to the last, and if it falls it will be only after the greatest battle of the present conflict.

FIRST LEAGUE OF NATIONS IN SESSION

By the Associated Press

SAN SEBASTIAN, July 30.—The opening session of the council of the League of Nations began at four o'clock this afternoon. The conference will take up but practical questions, such as making traveling easier in Europe. The council will probably empower the international transit commission to settle directly and promptly the difficulties arising from new passport and custom regulations, which now delays all passenger trains.

The council also will consider whether, in view of the heavy expense and slow work of the Saar commission, the total cost should be borne by the Saar commission, as heretofore. The first public session of the council will be held Tuesday.

MEXICAN BORDER TROUBLE IN LOWER CALIFORNIA NEAR

By the Associated Press

EL PASO, July 30.—Mexican federal forces numbering several thousand men are being mobilized and moved against Lower California to put down the rebellion against federal authority of Governor Cantu, it was announced today by General Calles, Mexican minister of war and marines, who is here enroute to Torreon to confer with Francisco Villa, the bandit, concerning the latter's surrender.

"Cantu never has accepted the authority of the Mexican central government, either now or under the late President Carranza," General Calles said. "He attempted to run the state as separate from the balance of Mexico and for his personal ends," the war secretary added.

LEWIS GIVEN POWER TO HANDLE STRIKE TROUBLE

By the Associated Press

INDIANAPOLIS, July 30.—Executive officers of the mine workers of America today were clothed with full authority to take whatever action they deemed necessary in the situation created by the walkout of company men and day workers in Indiana and Illinois coal fields.

Blanket authority to act has been conferred on President John L. Lewis, and other executive officials of the union by the international executive board, it was announced today.

COAL SUPPLY IN ILLINOIS IS NOW VERY LOW

By the Associated Press

SPRINGFIELD, Ill., July 30.—A thousand striking miners in Illinois drew two weeks pay today, some of them were penalized as much as \$14.00 apiece because of the strike, but the majority of them were told the penalty will not be imposed until next pay day.

Coal was never so low in central Illinois, as now, operators declare. Industries and state institutions are at the edge of their coal supply.

The Roman emperor Vespasian was the son of a man of humble origin.

COX SNAPPED WITH NEW MANAGER

Left to right: Senator Heflin, George White and Governor Cox

This picture of Governor Cox, his new campaign manager, George White and Senator-elect Heflin of Alabama was taken a few days ago when the three big Democrats were engaged in an important conference. White helped E. H. Moore of Youngstown "put Cox over" at the San Francisco convention. He is also from Ohio, and has been closely associated with Cox in state politics for many years.

EIGHTEEN NEW WELLS ARE STARTED IN STEEDMAN OIL FIELDS THIS WEEK

Eastern Oil Men Are Moving Into This County and Are Taking Every Opportunity That Is Presented to Get Leases and Drilling Contracts. R. F. Ford of Ada is Controlling 1,000 Acres in This Field.

As the days pass, the excitement is growing more intense and the news is spreading to the east, as evidenced by the fact that concerns from Pennsylvania and Ohio are moving in and starting drilling activities on any prospective piece of land that can be secured.

Wayne Darlington and associates of Cleveland, Ohio, are drilling two wells in the SW 1-4 of section 17 and one in section 19. This is on lands leased from R. F. Ford. Contracts for four more wells on this property has been let and drillers are waiting upon the arrival of machinery.

Usher & Usher, life insurance corporation of Oklahoma City, have spudded in on three wells in section 17 this week and making splendid progress. This company have interests in practically every field in this state and have made a statement that they believe that the Steedman and Pontotoc county situation is the best proposition yet found in Oklahoma.

J. Milton Ashton and associates of Pittsburgh, Penn., have a contract to drill eight wells in section 20. This section has a producing well that is making 45 barrels per day and is of the best grade. The arrival of rigs and tools are expected in the next few days and the work will start at once.

The well in section 16, which was brought in last week, is making 45 barrels per day. This well was drilled by the Hard-Cash Drilling company and is owned by R. F. Ford. This property was leased to this company by Mr. Ford with a drilling contract and cash bonus. Ford owns and controls 1,000 acres of un-leased lands in and around this field and makes contracts to

those who are financially able to do things. Ford is building a pumping station at Steedman which will be used to transport oil to the railroads.

The American Oil & Refining company spudded in on a well near the Bathrop place, which is two miles north of Ada. This corporation controls a number of leases near this city and have production. They have an established office in Ada and are doing a wholesale business of finished oil products.

Not only have the drilling activities been centered to Pontotoc county in the past few days, but it is known that corporations are rushing rigs and materials to adjoining counties. The wheels of progress and development are turning throughout the country and a prediction is made that by the latter part of the month the lease which are available at present will be taken up and rigs erected on all locations.

That this country is overflowing in wealth, is an assurance to any one who is seeking a location and wanting to make money. The oil is here together with a plentiful supply of gas. The assurances of oil and gas are not the only points that the people of this country are showing to prospectors, but vast deposits of raw material for the manufacture of lime, cement, glass and brick are over the country, and, further still, the agricultural crops are exceptionally fine.

These features, blended with a true fellowship and a hearty welcome to the Double-A city and Pontotoc county, is some of the inducements that are offered to the home-seeker. To them we extend an invitation to pay us a visit.

ENGLAND TO HAVE LAW TO DEAL WITH IRISH

By the Associated Press

LONDON, July 30.—A bill to deal with the disorders in Ireland will be introduced next week in the house and passed in all its stages, according to an announcement by the government leader in the house today.

WHEAT FUTURES TAKE DECIDED DROP TODAY

KANSAS CITY, July 30.—Another sharp break occurred in the grain market today. Wheat futures dropping eight and one half cents on December deliveries from yesterday's closing prices and nine cents on March. December wheat closed today at \$2.18 and March at \$2.31.

GOV. COX VISITS NATIVE TOWN

Thousands Join In Big Non-Partisan Home-Coming Demonstration.

By the Associated Press

DAYTON, OHIO, July 30.—"Choice of their fellow citizens," Governor Cox, as the democratic presidential nominee, was acclaimed today by residents of Dayton and other persons from Miami Valley. He was joined by thousands in a non-partisan home coming demonstration to their distinguished native son.

A parade at 2:30 was the main feature of the celebration. Hours before the parade, crowds lined the court of honor, planned with high white decorated pillars. Speeches were banished from the program and the crowds turned out in response to a request to lay aside all partisan feeling.

MILLIONAIRE WAS A 'WOUNDED SOLDIER'

OKLAHOMA CITY, July 30.—

(Special)—The widely circulated "Wounded Soldier's Challenge to Ferris" has developed into the most violent boomerang that Oklahoma has seen in recent years. When first published by the Gore managers it created a deep impression throughout the state and the Ferris managers conceded that it was the most damaging attack that had been made on the Lawton congressman. Since Jean P. Day admitted at Ashland that he wrote the letter in the Gore headquarters and signed the \$1,000 check accompanying the challenge the famous letter has kicked back with disastrous effect.

The admission by Judge Day that he himself was the "wounded soldier," and that he alone was its author, was made under rather dramatic circumstances at a picnic at Ashland. The Ferris managers already had proof that Day had written the letter and when Wallace Wilkerson of McAlester was speaking he put the question directly to Day, warning him that Wilkerson had the proof that Day wrote the letter. The admission then followed.

A dispatch from Ashland states that the audience consisted of 427 people and that of these 379 signed an agreement to support Ferris after they had heard Day's admission. The following affidavit has been sent out from Ashland:

State of Oklahoma, Pittsburg County, ss. We, the undersigned, being first duly sworn, each for ourselves, do say that I was at the picnic at Ashland, Oklahoma, in Pittsburg County, on Saturday, July 24, 1920. On that occasion I heard the joint discussion about the senatorial race between Scott Ferris and T. P. Gore. That one Jean P. Day, millionaire oil man of Oklahoma City, represented the interests of T. P. Gore in said discussion, and that Wallace Wilkerson of McAlester represented the interests of Scott Ferris. That in the course of said discussion the matter of a letter, purported to have been written by a wounded soldier named Chase came up for discussion and that the said Jean P. Day in referring to said letter and to the purported deposit of \$1,000 in the American National bank of Oklahoma City, in connection with the said letter, said in substance as follows:

"I had just as well be fair about it matter and tell you people that it was I and not a wounded soldier who put up the money in the bank. The letter was not written by a wounded soldier but was dictated by myself in Gore's headquarters in Oklahoma City."

(Signed) Fred Robertson, J. W. Phillipot, Banker, E. L. Garret, Supt. Schools, John Williams, Farmer, S. A. King, Farmer, (seal) J. H. Trout, Farmer. Subscribed and sworn to before me this 27th day of July, 1920. George F. Hall, Notary. My commission expires July 26, 1921.

The week of seven days came first from Babylon.

WEATHER

Fair weather is the weather man's forecast for tonight and Saturday.

POLAND REQUESTS ARMISTICE VIEWS

Arrangements of Armistice Set Forth in Official Notification.

By the Associated Press

PARIS, July 30.—Restrictions which Great Britain would put upon soviet demands of Poland in the arranging of an armistice are set forth in a notification which has been dispatched to Warsaw by the British and French governments, it was learned here today. Poland requested the views of Great Britain and France on possible armistice terms and the government at London and Paris have notified the Polish government that they would not permit Poland to accept possible soviet demands, which read as follows:

1. Whole or partial disarmament of Poland.
2. A change in Polish system of government dictated or brought about by soviet government.
3. Acceptance by Poland of a boundary less favorable than that provisionally drawn by Lloyd George.
4. The use of Poland as a bridge head in any sense, between Germany and Russia.

MANY JOIN IN COMMON CAUSE TO COMBAT REDS

By the Associated Press

PARIS, July 30.—Information which has reached the French Government, was said today to reveal that Latvia, Finland, Rumania and Hungary were all anxious to make common cause against the Bolsheviks now, rather than be compelled later to defend themselves individually.

To this end, it is declared that the four countries are making overtures to France and Great Britain for support, moral or otherwise. This situation, it is stated on high authority, is the final card France and Great Britain will have in hand to play, if necessary, in order to save Poland.

Notice Masons

Ada Lodge No. 119 A. F. & A. M. will meet tonight at 7:45 for work in the entered apprentice degree. Visiting Masons welcome. R. H. GLADWILL, W. M.

READY-TO-WEAR GOODS PRICES ARE DECLINING

By the Associated Press

CHICAGO, July 30.—Prices for ready-to-wear garments have reached their peak and started to decline, according to members of the ready-to-wear association, that began a two-day exhibition here today.

LONG COATS IN STYLE THIS FALL

Dame Fashion Early in
Oppressing Women of
Decree.

Eating, drinking and kissing to tally taboo. Thus speaketh Dame Fashion as she ushers fall suits, coats and gowns in upon an ice-lemonade drinking world. Prohibition of the trio of designated pastimes is furnished by the chin and mouth-swaddling directoire collars that even fleck the nose and necessitate a tucking in whenever starvation is too imminent. The old-time shawl collar is quite dead, and this new series of the collar family came to the family fashion reunion as a very near relative of the basque-bodice which has been such a popular member of the family this year.

Other new fall fashion features are the long-waisted dress and the long suit coat which fits snugly over the hips. Skirts also are very flaringly full, altho the feared more abbreviated length did not appear with their fullness and they still show no more than seven or eight inches of the shoe and hose. Pile fabrics such as duvetyne, plush, and velour abound and leading colors are gray, brown, taupe, and navy. Novelty color favorites seem to be hecic tomato hues and turquoise blue.

A typical next season street dress is shown in a combination of plain and plaid velvet. The tight basque bodice continues from the low waistline into a tunic that falls over three-fourths of the skirt proper which flares at the hem into a circumference of about three yards. Long, close-fitting sleeves are another new feature and 'tis rumored that elbow epidermis is to be banned for the season of wintry blasts altho the consistency does not sound like style.

Suits are very oriental with flowing, Mandarin sleeves and profuse metallic and silken embroideries. Even huge cabbage roses and gorgeous worsteds are strewn about at spasmodic intervals. One leading Fifth avenue house is showing a striking model of navy blue velour de laine. The jacket is cut on lavish lines and falls over the skirt moulding the hips and confining the skirt so that it flares most generously at the hem. Tracings of gold embroider the jacket in a large conventional pattern, which is very oriental in effect. Bandings of gray squirrel adorn the jacket openings and cuffs.

Coats are ably represented by a displayed model which uses a combination of plain and striped goods. The coat itself and belt are cut in one piece on the sides and the belt is laced thru slashes in the front panel of the coat. These apertures are bound with black moire braid. The coat gives the modish straight silhouette thru the waist and hips but the flare at the hem. The ever-present choker collar removes all fear of chilled nose or ears.

Coats abound in grays and taupe, while squirrel is the leading fur. One odd model is shown made of gray astrakhan with a banding from the throat to the hem of gray squirrel. Plaid homespuns cut on loose, flowing lines are also popular. A favorite pattern is of gray with faint lavender stripes. Milady's silhouette has changed. On with the dance—walking not allowed.

How He Could Help Startling.

"How so?"
"People can't help thinking somebody has opened a bottle of surreptitious champagne. — Louisville Courier-Journal."

THIS NURSE ADVISES

Women Who Are Ill To
Take Lydia E. Pinkham's
Vegetable Compound.

East Rochester, N. Y.—"I have used Lydia E. Pinkham's Vegetable Compound for several years and think it fine. I am a practical nurse and when I get run down and nervous I take the Vegetable Compound. I also have trouble with my bladder when I am on my feet and Lydia E. Pinkham's Sanative Wash relieves that. I have recommended your medicine to several young ladies who have all benefited by it."—Mrs. AGNES L. BELL, 306 Lincoln Rd., East Rochester, N. Y.

Young women who are troubled with painful or irregular periods, backache, headache, dragging-down sensations, fainting spells or indigestion should take Lydia E. Pinkham's Vegetable Compound. Thousands have been restored to health by this root and herb remedy.

Write for free and helpful advice to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. Women only open, read and answer such letters.

With the Women of Today

For nineteen years Miss Jean Hamilton has been general secretary of the National League of Women Workers, and in that time she has seen the organization grow from a membership of 4,000 to 25,000. She has seen the clubs change from groups of a hundred or so to clubs of several thousand. But more interesting even than that has been the growth in the girls themselves.

"The training of girl executives for business houses has been in a way accidental," explained Miss Hamilton. "The girls do whatever they can for the club to make it more attractive to new members without thinking that through this work they are fitting themselves for bigger responsibilities in their jobs. Their clubs are purely for recreation and study, and they go into them with just one idea—to band together to have a good time."

"When I began with the National League of Women Workers, girls were hardly ready to organize. They were diffident and needed a strong guiding hand to help them. They were capable of self-government only after someone had taught them how to be, but today the girls have grown efficient in organization. Initiative and organization sense are shown nowadays in the first mass meeting called to consider a club though the idea has come a brand new. It is a part of the movement among women to work more and more in groups."

The National League of Women Workers has been in existence for over thirty-five years. Clubs have sprung up spontaneously all over the eastern states and applied for membership in the league, for the idea of self-governing and self-supporting clubs for working girls is unique. In some of the younger clubs the program consists mainly of evening classes and parties, but the older ones that have obtained permanent homes offer a place to live for the girl who works far from home, and a gathering place for all its members outside of working hours. The clubs in each state maintain vacation houses where the girls can go at little expense, and they can even take their friends who are not in the league. The league is divided into six state leagues each of which maintains a summer resort where its members can spend their vacations at a moderate cost. The outstanding feature of their national program is a biennial meeting at some college, where the girls from all the clubs have an opportunity to get acquainted and exchange ideas.

Miss Jean Hamilton.

ing feature of their national program is a biennial meeting at some college, where the girls from all the clubs have an opportunity to get acquainted and exchange ideas.

MEAT ANIMALS SELLING HIGHER

Improved Foreign Market
Reason Says Packers'
Review for June.

Improvement in foreign trade conditions has brought higher prices for hogs and other meat animals says June Review of the Institute of American Packers.

"Improvement in the exchange value of the franc and the lire stimulated foreign interest in American Pork," says the review. "There is no doubt that Europe requires shipments of pork from the United States. Conversion of this need into orders is largely a question of arranging payment."

"Application of the lire and franc created a slightly better outlook with respect to Belgium, France and Italy. There is no indication of better demand from the Scandinavian countries. Germany has met her urgent needs. The United Kingdom still holds a considerable quantity of pork products in cold storage, but is buying in odd lots here and there. It is only a question of time until the British make substantial purchases."

"Heavy receipts of cattle during the last week of May brought low

prices, while during June many packers had bare coolers. Receipts improved during the latter part of the month and prices dropped again.

"Supplies of frozen beef are almost exhausted, but the trade will be supplied by beef from grass-fed cattle, which are coming in fair numbers from the southwest."

"As is usual at this season the spread between cattle finished on more costly food and cattle from grazing lands is widening."

"The price of live lambs has declined from May quotations. The decline has followed closely the decreasing price of wool."

The hand grenade was the earliest form of the modern explosive

MORE CARS SECURED FOR SHIPPING WHEAT

By the Associated Press

TOPEKA, Kans. July 30.—An increase in the number of cars made available for the shipment of wheat to market is affording some relief to Kansas farmers in the problem of marketing their grain, according to state officials and bankers interested in the wheat movement.

Although there are not yet enough cars to move all the wheat, and many cars promised by the interstate commerce commission have not arrived, and railroad officials are unable to give any definite assurance as to when they will arrive, the car shortage is not so desperate now as it has been in past years.

Officials of the state board of agriculture estimate that there are still stored on Kansas farms 22,000,000 bushels of last year's wheat crop, and an additional 8,000,000 bushels of last year's wheat in Kansas elevators. A perceptible movement of this "hold-over crop" is now reported by the State Board of Agriculture.

There remains, however, the vastly greater problem of moving this year's wheat crop, variously estimated at 110,000,000 to 135,000,000 bushels to the great milling and export centers.

Bankers are vitally concerned in the wheat movement problem. According to J. R. Anspaugh, secretary of the Kansas State Bankers' Association, bankers have \$65,000,000 tied up in loans on crops which await marketing. Many of these loans are long over-due, and the prospects are that the amount involved in crop loans will easily reach \$100,000,000 with the ripening of the present wheat crop.

Some relief has been obtained, Mr. Anspaugh said, from the recent announcement of the Federal reserve board that it favored extension of crop loans, and the fact that federal reserve banks had been authorized to accept wheat papers from member banks or from other banks through correspondents.

Railroad officials have warned farmers of their inability to move the new wheat crop promptly, and urged them to make arrangements to hold it on farms properly stacked or in bins.

Give the engine a chance.

Because most motor car manufacturers advise using a generous amount of oil in the new engine for the first 500 miles, or until the new power plant has a chance to get well "run in," the chances are that the owner will need to grind the valves of his new engine oftener than he will after the engine gets down to a steady operating basis. Don't think that because the valves get pretty dirty at first and require attention that the motor is going to always be so fussy. Give it a chance to get accustomed to its life work before criticising it. Everybody knows that a car which has been run about 1,500 miles is a better car than one which is brand new and has never been off the salesroom floor.

The Strong Withstand the Heat of Summer Better Than the Weak

GRASSES OF CANADIAN PRAIRIES MAKE MOUNTAINS OF BUTTER

STACKING ALFALFA
AT COALDALE

ALFALFA
FIELD AT
BROOKS,
ALBERTA

CATTLE IN ALFALFA FIELD

Alberta's 1920 contribution to the butter market was a fair sized lump weighing ten and one-half million pounds that put \$5,512,500 into the butter-makers' pocket. The quality of this butter was unquestionable as attested by the fact that Alberta carried off the first three prizes for block butter at the recent National Dairy Council Exhibition held at Winnipeg. Alberta's butter output increased during the past four years almost 40% in volume and over 17% in value.

There are 55 cooperative cream-

eries in the province—all community owned and operated, and 13 privately owned and operated. In addition to these there are in the larger centers such as Calgary, Edmonton, Lethbridge and Medicine Hat, large centralized creameries or dairies. These operate collection branches or cream buying stations along the railway lines.

Cheese making has become a considerable industry too, but does not keep pace in growth with the butter industry as farmers generally prefer to sell their cream and feed the milk by-product to grow-

ing stock. Eleven cheese factories are in operation in the province and turned out in 1920 a half million pounds valued at \$140,000. Dairying is fast becoming one of the big industries of the prairie provinces, following close on the heels of grain growing and stock raising. Mixed farming has been strongly advocated to Canadian farmers and they have seen its advantages. Today it is generally practised. If a crop fails, disaster is not the result, there is always plenty of grazing and fodder to insure the weekly cream check for the man with a dairy herd.

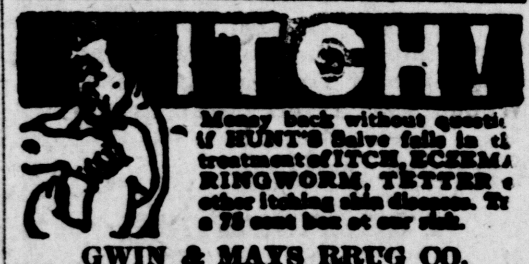

and clay, I wrought with rusty tools; I swung an ax, I packed a hod, and, breaking miles of prairie sod, I pushed two sorrel mules, I wouldn't do the old time chores for all the wealth the miser pours into his bin at night; but when I'd break some hearers' hearts, "When I was young," my story starts, "the world was gay and bright."

MOTOR CARS ARE HIGH IN ENGLAND

(From the Continental edition of the London Daily Mail.)

"The craze of motor car ownership has spread all over Britain, and persons who know nothing whatever about a car will pay any mad sum just to own one," said the manager of a prominent firm of London dealers.

"The absurd prices lately asked for 1914 and 1914 models, with many thousand miles' wear against them, are falling off a little," he added, "but new cars will fetch almost anything. For instance, a ten-horsepower car of a not particularly famous or excellent make, was sold last week for \$4,250. This was fitted with an ordinary coupe body. The price in 1914 was about \$1,625.

"The price quoted to us of a very well known twelve-horsepower car was more than \$5,000. Its cost before the war was about \$1,750, and the new model today costs those who can get it direct from an accredited agent \$3,800. It is a good car—but \$5,000 is absurd.

"Another instance is the purchase, at a 'very special' price (by which is meant a low one), of a forty-horsepower car, with a closed body, for \$25,000."

Prices of very ordinary and not remarkably good cars are up 300 and sometimes 400 per cent. That is to say, agents are offered these sums for immediate delivery. The makers get only the catalogue prices.

A Shut-off.

Wife—John, I'm getting on splendidly with my French. I am really beginning to think in the language. Hub (interested in his paper)—Is that so? Let me hear you think a little while in French.—Boston Transcript.

YOUR GOOD FRIENDS—THE ADVERTISEMENTS

You would trust an acquaintance before you would trust a stranger.

You take the advice of a friend in business, or in personal affairs, or when any vital question arises.

You seek the salesman you know, when you buy goods.

You select the goods on the strength of his sayso.

Take the sayso of the advertisements in your newspaper as a guide to good merchandise.

They are the "salesman" you can trust. They are the "friends" you can depend upon.

Read the Advertisements
Regularly

Prospective Automobile Buyer

Does it look reasonable that an automobile could run 106.4 miles on a gallon of gasoline? No! Yet that is what an Overland Four did out in California, June 28th. The point of beginning was Fresno, altitude approximately 300 feet and the point of ending was a few miles beyond Bakersfield, altitude 422 feet. The road was paved, but it was a gradual climb up hill.

Transcontinental run just completed with Overland Four leaving New York for San Francisco. Average running time 34.40 miles per hour. Amount gasoline used on trip, 126 gallons, averaging 27.2 miles per gallon. Car in splendid condition in spite of great road difficulties. Beats all previous records.

We have a few cars in transit and can deliver you one immediately. We can sell these cars to any reliable person with one half cash, balance in four months. We also sell them for one-third cash, balance in 10 equal monthly payments.

Goodyear Mileage—and Tires for Small Cars

A well built tire yields much more mileage for each dollar of cost than a tire purposely made to be offered at a sensationally low price; buy the tire, not the price.

Built to deliver exceptional mileage at exceedingly low cost, Goodyear Tires, of the 30 x 3-, 30 x 3½- and 31 x 4-inch sizes, save inconvenience, disappointment and money.

Their value results from the application of Goodyear experience, expertness and care to their manufacture in the world's largest tire factory devoted to these sizes.

If you own a Ford, Chevrolet, Dort, Maxwell or other car taking these sizes, go to your nearest Service Station for Goodyear Tires—for the real worth and endurance that Goodyear builds into them.

30 x 3½ Goodyear
Double-Cure Fabric,
All-Weather Tread \$23.50

30 x 3½ Goodyear
Single-Cure Fabric,
Anti-Skid Tread \$21.50

Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit—why risk costly casings when such sure protection is available? 30 x 3½ size in waterproof bag \$4.50

GOOD YEAR

Big Reduction on All Summer Goods Prices \$3.50 to \$6.50

Nice Gingham Dresses for Children, ages from 3 to 14 years. Greatly reduced in prices.

Low prices are like good opportunities, they present themselves only once, and only for a short time.

A MEMORIAL WORTH WHILE

The senior class of East Central is leaving at the normal school a class memorial that is really worth while. Classes frequently leave at their alma mater something to perpetuate the memory of the class and to keep alive their connection with the institution. Oftentimes these memorials take the form of an arch tablet or something else that has no value save as a reminder that a class has at one time attended the institution and is interested in its future.

But the class that is leaving East Central is leaving behind it a memorial that is really worth while. The class has contributed a fund of \$400 to be loaned to needy students who with a little financial assistance will be able to remain in school and complete their course. It is the intention of the class to loan not more than \$100 to any one student at 6 per cent interest.

The \$400 thus contributed is only a beginning. It is hoped to increase the fund to \$1000 before many days have passed. It is stated that many friends of East Central are interested in the proposition and that several who have abundant means will make a contribution to the fund and lend assistance to needy students. The authorities at the normal state that every year several of the normal's best students are compelled to leave for lack of sufficient funds to complete the year.

GOOD FOR YOU, BOYS

Tuesday's election in Pontotoc County may bring a lot of surprises in which respect it will be a lot like all other elections. But the pleasing surprise of the campaign thus far has been the clean and decent manner in which every candidate has conducted his campaign. This has been rather surprising for the reason that prior campaigns have not been so clean as this one.

Let the good work continue till the polls close Tuesday. Let every candidate continue to boost his own interests and say all the good things about himself that the law allows. Let him continue to treat his opponent with respect till the game is ended. Then the multitudes who have received a genuine treat that they hardly expected will rise up and call the candidates blessed.

A political battle is another place where it is more blessed to give than to receive.

Did you ever see a bunch of pole cats fight? No. You haven't? Well, did you ever see a senatorial campaign in Oklahoma?

The beauty of this humid wave that is curling up cement pavements with fervent heat is that we don't have to worry about a gas shortage.

The Evening News will run a casualty list next Wednesday but for the sake of all entries we hope that none will be listed as "missing in action."

Every time he thinks of what is happening to Gore and Ferris Prince Freeling shakes hands with himself over refusing to enter the contest.

It's not our fault that every time we quote one of Gore's speeches his followers think he has been slandered. He has built up the wrong kind of a record—that's all.

A visitor from Pott County says that Maud is all wrought up over the election. Well, isn't this the first time women have been allowed to take part in a state election.

The Muskogee Times Democrat declares that many citizens who are now too busy to participate in the primary campaign will be the first ones to roar lustily about inefficiency in government.

With the pink boll weevil advancing from the South and Senator Capper mobilized on the North the cotton growers of the South can repeat the words of the psalmist: "Lord, how they have increased that do trouble me."

The consistency of politics is everywhere apparent. For instance there is the Republican newspaper that tore itself for Jake Hamon, the millionaire from Ardmore, now lambasting Governor Cox because he is a millionaire. The other man's candidate always looks the worst.

When we supported Gore six years ago he wrote us three letters praising our intelligence and patriotism. Since we are opposing him in this campaign he thinks we are kin to a hyena. We have about reached the conclusion that the only way to please a candidate is to support him every time he runs.

BALFOUR MEETS NEWSPAPER MEN

Discusses Economic Blockade Problem and Gives Views.

By the Associated Press

SAN SEBASTIAN, July 30.—"We must have an economic blockade," declared Arthur J. Balfour, British representative on the league of nations council, in a talk with newspaper correspondents, on the program of the council, which opens its eighth meeting tomorrow. "If an economic blockade were applied to a nation which defied the league, Mr. Balfour said that he could not believe that nation would be able to resist for long."

"A nation would destroy itself in these civilized times by inviting such a penalty." It is not likely it will often be used, since it is not probable the league would often be defied.

Notice

To those who have accounts against the 1920 senior class of E. C. S. N., will present same to Oscar Parker at Parker Furniture Co., Ada, Okla. 7-30-1td

Details of Suicide Committed By Woman At Summers Chapel

When the former News story of Summers Chapel suicide was published only a few of the facts were known. Today we have the story as given by J. Q. Moore, who owns the place where the suicide was committed. He has long been acquainted with the husband, Armstead Woods, and the wife, Mary Woods, who ended her own life.

Some years ago before the marriage of the couple, there had been a break in their love affairs because Woods felt that he was called to preach the gospel. The war came on and he joined the colors. After his discharge the two made up and were married just one year ago today. It is said that the wife stated before the marriage that she would consider his going into the ministry.

There has been a revival meeting going on for some time at Summers Chapel conducted by Reverend Coggins. The day before the suicide, Monday, July 26, Mr. Woods had consented to preach a sermon at the meeting and did preach it. The next morning about 10:30, Woods left his wife at the house while he went to the church. On his way to church he mailed a letter for his wife addressed to her parents in Roff.

The services at the church ended at 12 and Woods went home. He went into the house and his wife was not there. He found some sort of gown lying at hand with a five page letter pinned to it. It is not known whether Mr. Woods stopped to read the letter at the time or not, but it had in it one and a half pages addressed to him and the rest of the five pages to whom it might concern. The letter on the whole stated that she was not content to become the mother of a preacher's children. She said that there had been no trouble between them and that he had mistreated her in no way and that he was not to blame for the act she was about to commit. She stated that she wanted to be buried in the gown upon which the note was attached.

Woods tracked his wife most of the way to where she had gone about 100 yards from the house. She had sat down in a little ravine and there emptied two ounces of carbolic acid in a cup and drank the fatal draught. Bottles and cup were found at hand. Mrs. Woods never revived consciousness but lived about one and a half hours after being found.

The suicide is one of the most deplorable incidents in the history of the Summers Chapel community. The Woods couple had been living in seeming content. Indeed they were among the most well thought of people of the neighborhood. Mr. Woods was a successful farmer.

'COMMON LABOR' IS OPPOSING GOV. ALLEN

TOPEKA, Kans., July 30.—The only opposition Gov. Henry J. Allen has in seeking the renomination in the republican primaries August 3 comes from a politically unknown man who declares he is a "common farm laborer."

George B. Snow of Oakland, a suburb of Topeka, is the candidate against Governor Allen. Although he asserts he is running on a "farm labor" platform, he admits no organization is back of his candidacy. The state federation of labor has disavowed it.

"I am running as a common farm laborer," Snow commented on his race. "That's what I am. I worked in the harvest fields last summer and again this year. Last winter I sold apples on the streets of Lawrence. This spring I cut potatoes for Milt Kersey."

Snow is 53 years old and was born at Lawrence, Kans. Aside from being a farmer and painter, he adds that he has been "a preacher of righteousness for the last twenty-five years." He is a bachelor.

In filing his candidacy to assure the presence of his name on the primary ticket, he paid the fee of \$50 which is necessary in case the candidate does not file by petition signed by voters.

Safeguard Your Mileage

Experts build GREYHOUND TIRES by hand—and use the finest materials obtainable. They are given the most rigid test for flaws and imperfections before leaving the factory. You take no chance on a GREYHOUND.

Society

The Complete World.

We are here to make merry, to learn how to smile.
To suffer some trials and labor awhile;
And the Lord in his goodness has fashioned this earth
So that we may enjoy it and fill it with mirth.

He has given us the blossoms to brighten our way,
The streams and the lakes for our seasons of play,
The song birds to sing us their merriest tunes,
And gladdened our years with the joys of his Junes.

We are here for a time to develop our souls,
To battle with dangers and struggle for goals,
There are hardships to test us and wars to be won,
But the evenings are sweet when the toiling is done.

We have glorious friends all our sorrows to share,
And blue skies above when our mornings are fair,
The Lord has provided an infinite store
Of pleasures for man when his toiling is o'er.

Who wills may go fishing, who chooses to dream
May find a soft couch on the bank of a stream;
Whatever the fancy that fills us with cheer
The seeker for pleasure may find it down here.

It's a glorious world that we have at our feet
With all that man hungers to own it's complete;
There is nothing forgotten. Whatever our choice,
We may all find reason to smile and rejoice.—Copyright, 1919, by Edgar A. Guest.

Parson-McCracken

Harlon H. Parson and Lucy McCracken were married in Ada yesterday by Justice H. J. Brown. Both the contracting parties live in Ada.

Personal Mention

A. L. Bullock of Roff was a visitor in the city today.

Miss Sallie Faye Hendon left yesterday for her home in Shawnee.

W. R. Brandon has returned from a trip to Nashville, Tenn.

Prof. Linscheid arrived on the 11:2 Frisco this morning.

Steve Fish of Stonewall is in Ada today looking after matters of business.

Misses Cleo and Doris Sandusky left today for Davis after attending the Normal.

Misses Beulah and Ruth Smoots left today for Sulphur after being in attendance at East Central.

J. W. Denton of Stonewall was among those transacting business in Ada this morning.

Doctor Overton was up from Fitzhugh this morning looking after some business matters.

James H. and Dewey Hodges returned this afternoon to their home in Hickory.

Miss Thelma Brisco, Normal student, left yesterday for her home in Seminole.

W. R. Montgomery left yesterday for his home in Coweta after attending E. C. S. N.

Rev. J. B. Rolls and Missionary Ford are in a great meeting at Lovelady this week.

C. E. McClendon left yesterday for his home in Birby, Oklahoma after attending the Normal.

Misses Mary Royes and Edith Comite, E. C. S. N. students are leaving today for their homes in Coalgate.

Misses Catherine and Marylene Moore of Weleetka arrived this afternoon to visit H. C. Skinner and family.

Mrs. Cicero McAlester returned today to her home in Durant after visiting Mr. and Mrs. D. H. McAlester and family.

Misses Edith Reehn and Edna Gill of Morris left today for their homes after spending the summer in East Central.

Misses Marie and Augusta Parson of Red Oak are visiting their old friends, H. B. Wilensick and family.

Mrs. M. C. Cannon and her son, Clyde Cannon, of Sherman, Texas, have been visiting in Ada, the guests of Mrs. Cannon's brother, George Thompson.

Hosey Jennings recently returned to Ada from Yukon, Oklahoma where he has been in the wheat harvest. He will work in Ada for some time.

J. B. Pendleton and family are leaving today for New Mexico where they will visit with relatives. They will first go to Lindsay, for a short stay.

PRETTY NEGLIGEE FOR THE SUB-DEB

By Eloise.

Since fiction has made the sub-deb a real person both modistes and milliners are endeavoring to clothe her properly. In England she is called flapper, but here she is the sub-deb and the problem of dressing her is not easy, for she is too old for kiddies' frocks and too young for the sophisticated frocks of her older sister. Many of the more up-to-date shops realize the difficulty encountered in trying to outfit girls of this age and they are putting in departments which will specialize in just such garments.

Here is a dainty negligee which one shop thinks suitable for the sub-deb and there can be no doubt but that the young girl herself will be pleased with the design. It is fashioned of blue georgette made in a comfortable and neat style which is rather more formal than the usual kimono negligee. There is a plain, loose blouse and the convenient and graceful or harem trouser skirt. Note the clever use of folded loops of ribbon for trimming.

Announcements have been received in this city of the birth of Wanda Briggs, daughter of Mr. and Mrs. Glenn Briggs, born on the Island of Guam, June 7, 1920.

Mrs. John Turner returned this afternoon to her home in Davis. Mr. Turner will leave tomorrow. He will be director of manual training in the Pauls Valley school the coming year.

Misses Velma Luke and Lois Means of Allen left this afternoon for Holdenville where they will visit before returning home. Miss Means has been a student of East Central.

Bert Clerk has returned to his home in Kansas City after a visit here with Paul Cox and family.

Mrs. J. P. Lee and children have returned to their home in Rice, Tex. after a visit with the family of L. A. Ellison.

The McSwain theatre announces that they will give another children's matinee tomorrow morning. This is to remain a permanent feature of this popular play house and the picture on tomorrow's morning will be Mary Pickford in "Hoodlum."

Prof. Herrin and family left yesterday for Yale, Oklahoma, where Mr. Herrin will teach the coming year. He has been assistant agriculture teacher in the Normal this summer. His expression of how he liked the work was that he "enjoyed every minute of it."

Child of J. T. Watson Dead
This morning about 7 o'clock Mary Esther Watson, the seventeen months old daughter of Mr. and Mrs. J. T. Watson, died at the family home on 1020 East 16th. It is said that the child died from a very severe case of whooping cough. Funeral services will be held this afternoon at 5 o'clock.

Notice
To those who have accounts against the 1920 senior class of E. C. S. N., will present the same to Oscar Parker at Parker Furniture Co., Ada, Okla. 7-30-1td

Marriage Licenses
Harlon H. Parson, 22, Ada; Lucy McCracken, 22, Ada.

The Electrical System
Agree many car owners make such obvious errors that it is clear they lack the prime essentials in the intelligent care of their electrical systems. This first essential is the knowledge of the fundamental principles upon which the system operates.—J. A. Smith in July Motor.

To the lady voters of the city of Ada, I will truly and sincerely appreciate your vote on August 3rd. I am unable to see one and all in person.

Cashmere is the most costly of all wools.

News Food Bureau

One way to decide which vegetable to serve with meat is to choose a vegetable opposite in color from the meat. Thus, if the meat is light colored, the vegetable should be dark or vivid in color. This is a safe rule, giving the proper balance to a meal.

Sweetbreads With Peas.
2 pairs of sweetbreads
2 slices salt pork
1 slice onion
Salt and pepper
2 pounds new peas
2 tablespoons butter.

Let sweetbreads stand in cold water for an hour. Parboil in salted acidulated water for 20 minutes. The onion should be added. Plunge into cold water and let stand till cold. Cut pork into narrow strips about two inches long. Drain the sweetbreads and put strips of pork about an inch apart over the top of breads. Put a few pieces of pork in the bottom of a baking pan. Put in sweetbreads, sprinkle with pepper, add a little water and bake in a hot oven for 30 minutes. Cook peas, season with salt, pepper and butter. Arrange meat on a platter and surround with peas. Serve very hot.

Banana Filling.
2 cups milk
1/2 cup sugar
2 egg yolks
1/4 teaspoon salt
2 teaspoons flour
1 banana.

Make a custard of the first five ingredients. When cool, add bananas sliced. Put between the layers of a cake. Any plain cake made with one or two whole eggs can be baked in layers.

Normal Picture Show Starts At 7:30 This Evening

The last Normal picture show and program will be given tonight at 7:30 in the auditorium.

"The Gentleman from Indiana," an educational picture in 3 reels, will be shown. A splendid musical program, under the direction of Miss Francisco, will be given.

The picture shows at the Normal have been very successful during the summer term and has had a tendency to keep the students from out of town from getting discouraged, and made it possible for them to see interesting and educational pictures without any expense on their part. The pictures at the Normal are always looked forward to and special musical numbers are always on the program. Everyone is invited to attend the show of tonight.

Shooting Affray In West Part of City This Morning

J. C. Knight was shot and seriously wounded this morning about 9:30 o'clock on West Main Street in Ada. Jim Godby is in the county jail charged with the shooting.

Five witnesses say that Knight was seated on a davenport engaged in writing a letter when Godby entered the room. So far as can be learned no words were passed between the two, but Godby drew an automatic pistol and shot Knight in the chest a short distance to the left of the heart. Only one shot was fired.

Immediately after the shooting Knight went to the local hospital unassisted and there received medical attention. The bullet lodged somewhere in the chest and attending physicians say that his condition is encouraging. Godby went at once to the county jail after he had shot Knight and gave himself up to the officers.

Knight has been in Ada only a short time and is said to live at Beaumont, Texas. Godby has been employed at the cement plant for some time recently.

Normal Seniors Create Loan Fund For Needy Students

The senior class of East Central has decided to set aside the funds it has remaining after paying the class indebtedness and to convert the surplus into a fund to be loaned at a low rate of interest to needy students. At a meeting of the class arrangements were made for administering the fund and the following resolution was adopted:

Be it remembered, that after paying all debts and liabilities, the senior class of 1920 of the East Central State Normal School at Ada, Oklahoma, has in its treasury approximately the sum of \$400.00, and the said senior class desiring to aid worthy students in acquiring an education, have decided that instead of erecting a fountain as first voted, to use said balance in its treasury in the creation of a Students Loan Fund of the Class of 1920 of the East Central State Normal School at Ada, Oklahoma.

That for the management of said fund there is hereby created a board of three members to be composed of citizens of Ada, and to consist of one banker, the president of the East Central State Normal School at Ada, and one lawyer; that the board until otherwise changed as hereinafter provided, shall consist of P. A. Norris, president of the First National Bank of Ada, Oklahoma, A. Linschied, president of the East Central State Normal School at Ada, Oklahoma, and Robert Wimbley. The connection of the first two named members of this board shall automatically cease when they have ceased to be president of the above named bank and educational institution, and their successors in said bank and educational institution shall automatically become members of the board hereby created. The last named member of this board shall hold membership during life or resignation, and upon his death or resignation his successor shall be chosen by the two remaining members of the board.

The management and control of said fund shall be in the hands of the board above named, and it shall be their duty to loan said fund to worthy students upon such terms and conditions as may best conserve the interests of said fund, and to make the same growing and perpetual; that said fund shall not be loaned for less than five nor more than eight per cent interest, such loans to be made exclusively to worthy students attending school at East Central State Normal School at Ada, Oklahoma.

Adopted in open session of the class of 1920, at Ada, Oklahoma, this the 29th day of July, 1920.

CONN ROACH, President.
OPELIA GRAY, Secretary and Treasurer.
OSCAR L. PARKER, Business Manager.

Pleasure Riding on Last Lap.
The secretary of the state of Ohio has ruled that motor-driven hearses, pallbearers' conveyances and privately owned ambulances are to be licensed as passenger or "pleasure" cars.

First watches were made with a straight spring.

At the Ada Playhouses

American.

For the last time Hobart Henley is presenting "The Gay Old Dog" a six part comedy drama, which is one of the most human pictures shown. To make this a feature program the management of the American is adding Jack Dempsey in "Dare-devil Jack." In this picture, a real prize fight takes place and if you are a lover of good athletics this picture brings all. An orchestra that plays the pictures, is a feature at this theater.

McSwain

"Nazimova" was shown to the theatre going public or Ada yesterday and last night. It evidently scored a hit, judging from the compliments that were received by the management of the McSwain. This is the screen's greatest actress in a story that stirs you and charms you and leaves you convinced that the world is considerably better than half bad. This program is featured with picture music. "Nazimova" will be shown again today.

Teacher Training Class.

Those interested in Teacher Training in the Sunday school will soon have an opportunity to begin a thorough study of the Bible. The first book is entitled "From Eden to the Jordan," by Charles Medbury. Medbury is one of the greatest of modern Bible students. The study of this book will occupy several months, one lesson a week. It will be followed by others. This little book is fifty cents. The class meets once a week for one hour on Monday evening. Anyone in the city interested in taking this course is welcome to do so.—C. V. Dunn, Instructor.

TRIS SPEAKER IN LEAD IN A.L. NOW

Cleveland Manager Passes Sisler; Two other .400 Hitters Known.

CHICAGO—Driving out thirteen hits in eight games, Tris Speaker manager of the Cleveland Americans, today is leading the race for the batting championship of the American league with an average of .416. Geo. Sisler, star first baseman with St. Louis, the batting leader a week ago, is second in the list with .405. Joe Jackson of Chicago is third with .403.

"Babe" Ruth, the home run king, boosted his average five points as a result of cracking out thirteen hits including a quartette of home runs, and is in fourth place with an average of .387. Ty Cobb the Detroit star, signified his return to the game with a hitting drive that boosted his average from .318 to .331.

"Babe" Leading Run Getters. Ruth is setting the pace for run getters, having scored 94 times with Speaker the runnerup with 82 tallies. Ruth also has negotiated 240 bases in hitting, while his closest rival is Sisler with two hundred. Ruth now has 33 home runs to his credit.

Rice of Washington pilfered 3 bases during the week and is showing the way with 38 thefts. Sisler replaced Bobby Roth, also of Washington, as runner-up, having stolen five bases in his last seven games. He has 24 to Roth's 20.

Other leading batters: Rice, Washington, .369; Meusel, New York, .351; Weaver, Chicago, .344; E. Collins, Chicago, .344; Hendrix, Boston, .337; Milan, Washington, .332; Cobb, Detroit, .331; Johnson, Cleveland, .330; Jackson, St. Louis, .326; Felsch, Chicago, .323; Chapman, Cleveland, .322.

Edwin Eayrs, the Boston pitcher, pinch-hitter and outfielder, strengthened his hold on first place among the National league batters. He has an average of .404 attained in 57 games, in which he was at bat 94 times and cracked out thirty-eight hits. Roger Hornsby, St. Louis star, however, has played in eighty-six games in which he gathered 122 hits in 340 times at bat, for an average of .359.

J. Smith of St. Louis made the best showing among the regulars during the past week. He boosted his average from .332 and is in third place with Smith of New York in fourth position with .329. Other leading batters: Roush, Cincinnati, .316; Groh, Cincinnati, .313; Wyers, Brooklyn, .310; Stock, St. Louis, .309; Daubert, Cincinnati, .307.

Joplin Batter in Front. Borkart of Joplin jassed Yaryan of Wichita in the race for the batting leadership of the Western League with an average of .364. Yaryan dropped into second place four points behind the Joplin slugger.

Carl East, the Wichita pitcher and pinch-hitter, is batting .374; but he has only participated in 57 games, as compared with eighty-eight for Borkart and Yaryan. In home run hitting, Yaryan retains the lead with a string of seventeen. Lee of Omaha continues high among the base stealers with twenty-one.

Had His Orders. "You have been following that lady for some time now."

"Yes." "We do not allow that in this department store."

"Well, tell it to the lady. She's my wife."—Louisville Courier-Journal.

HE COULD HARDLY GET HIS BREATH

"The way Tanlac built me up proves to me that it is a great medicine," said Gust A. Johnson, of Virginia, Minn. Mr. Johnson has been employed by the Duluth and Iron Range railroad for thirty-five years.

"I suffered from stomach trouble in its worst stages," continued Mr. Johnson. "So much gas formed in my stomach after eating I could hardly breathe. I also had the rheumatism so bad in my knees sometimes it was all I could do to hobble about and I was so nervous that many a night I could not sleep at all, and by morning I was all tired out and weak as if I hadn't been in bed at all."

"I noticed in the papers about Tanlac and gave it a trial, and it's a fact, nothing can beat it, for I've taken only three bottles and feel like a new man. I eat anything I want now and am never troubled with gas any more; the rheumatism has left me and my nerves are steady as a clock and I get up every morning feeling fit and ready for the day's work. Tanlac is the greatest medicine I've seen and I know what I'm talking about, for I have tried nearly everything."

Tanlac is sold in Ada by Gwin & Mays Drug Co., in Stonewall by L. P. Carpenter, in Francis by Francis Drug Co., in Roff by Dowdy's Pharmacy, in Allen by McManis & Rose, and in Vanoss by Chas. L. Berger, adv.

PRINCIPALS IN NOTABLE WEDDING

Major General Lowther and his bride leaving the chapel just after the ceremony.

Major General Sir Cecil Lowther and Mrs. Gordon-Bois were the principals in a recent notable wedding at the Chapel Royal, Savoy, England. General Lowther is the brother of Sir Christopher Lowther, who for many years past has been speaker of the British house of commons.

NEW NAZIMOVA FILM THRILLS AUDIENCES

Again Nazimova has come to the screen and carried her audience fairly out of itself by the sheer power of her emotional depths and the finish of her performance. Last evening, at the McSwain Theater, this great Russian star justified once more her right to be acclaimed the world's greatest actress when she appeared in her most recent production, "The Heart of a Child," a photoplay adapted by Charles Bryant from the novel by Frank Danby.

To see it is to live through the struggle Sally Snape made against the world's attack, at once so alluring and so sinister, with only the armor of her inborn sense of right to guard her. The photoplay, by Rudolph Bergquist, is exceptionally artistic, as are the special effects of Allen Ruoff. Ray C. Smallwood has displayed unusual abilities in the direction, and those who remember Frank Danby's greatest book in its fiction form will be thankful to Charles Bryant for his intelligent and able adaptation to the screen of the best of it.

Showing today for last time. See it.

MAYBE HE PLANS TO WAIT OUTSIDE

The latest in apartment house rules governing connection which married couples may have, such as children, dogs, cats, musical instruments and sewing machines, was advanced this week by a landlord when a shelter seeker approached him in regard to a place to keep out of the sunshine.

MISKE-DEMPSEY FIGHT PROBABLE

Title Battle For Labor Day At Benton Harbor Is Likely.

CHICAGO.—It will be Billy Miske and Jack Dempsey in Benton Harbor on Labor Day if the boxing commission of Michigan will sanction a decision at the end of ten rounds. This was the decision reached today after a two hour conference here between Jack Reddick, manager of Miske, and Promoter Floyd Fitzsimmons.

Miske, whose recent feat in the ring was knocking out Jack Moran on July 3, declared, through Reddick that he would not fight the champion unless a decision was rendered.

"I battled him twice and got nothing for it, so far as honor goes, I want to win the title and think I can, that's why I insist on a decision," was Manager Reddick's statement today.

Decisions are possible in Michigan under the law, the commission having the right to allow a verdict if they see fit. In that it is a championship fight it is more than likely the commission will sanction a decision bout. Promoter Fitzsimmons believes so, at least.

Both Reddick and Fitzsimmons will meet Chairman Bigger tomorrow in Benton Harbor, and if a decision is allowed, Miske will sign articles.

Cannot Escape Wilson.

Chicago Tribune—Cox cannot discard Wilson. Wilson gave him his doctrines. The party accepted them. This election is to be the referendum so earnestly desired, according to White House statements, to determine whether Wilson has public support or not.

AUTOMOBILE RIDE FRESHENS THE MIND

"If health is wealth," as the saying goes, the automobile is the greatest health creator and health producer industry and science has produced," says A. C. Prendergast, southern factory representative of the Kissel Motor Car company.

"Sitting behind the wheels of your automobile stimulates other activities. Ever notice how after an automobile ride you feel different? Your outlook on life is changed. It makes you want to enjoy the better things of life, and this desire creates added endeavors on your part. It arouses ambition. It makes you unconsciously work harder for your ideals. It makes you critical of the slow progress you are making. Such ideas and desires increase your efficiency, not only your business efficiency, but your personal efficiency."

Give some people a bite of an apple and there'll be no core.

No Burglar Works in a Lighted Room

No burglar turns the light on when he gaters the family silver. He works in the dark, stealthily. It's honest folks that choose the light. They invite it.

It's the same way with advertisers. When a merchant or manufacturer advertises his product in your daily paper, he brings it into the light of publicity. He tells you all about it—lets it stand on its own merits—invites your attention and criticism because he knows his product is good.

Keep in touch with all the good things that progressive merchants and manufacturers are introducing and keeping constantly before you through the advertising in your newspaper.

Advertisements are interesting, instructive, and profitable to you. Get the ad-reading habit.

HOW TO KEEP COOL IS TOLD BY DR. A. R. LEWIS

The soda fountain habit is scored in a series of suggestions for keeping cool and healthy in hot summer days issued by Dr. A. R. Lewis, state health commissioner, Monday. Stating that the drinks only afford temporary relief, Lewis insisted that they fill up the stomach and destroy the appetite.

"Eat vegetables and bulky foods, but cut out all fats," Lewis said. "Take more exercise than you feel like. You naturally feel lazy in hot weather. But don't attempt championship games of tennis or golf the first day. Don't swim more than an hour."

A Clean Sweep.
Vacationist—You say the city takes everything you raise?
Farmer—Gawd, yes! And that includes the help we raise.—Boston Transcript.

SIXTEEN INNINGS; SCORE IS 1 TO 0

Longhorns and Sooners Mix
In Best Ball Game For
Many Years.

By News' Special Service

GUNTER, Tex., July 29.—What is purported to be the best game of amateur baseball in the state of Texas was played here today by the clubs of Ada, Okla., and this city.

The visitors arrived in this city

late Wednesday night and will play tomorrow afternoon and Saturday and have one of the strongest teams that Texas has seen lately. Aside from the members of this club, it is noted that they are accompanied by a number of enthusiastic fans who believe in their club and good baseball.

The game was called at 4 o'clock and continued for over two hours and went sixteen innings before the score was made. In the last half of the sixteenth a member of the Gunter team smashed one for a homer and ended a perfect game.

Morgan and Stagner did the battery work for the Oklahomans and did very effective work. The game was errorless on both sides. Today Strain and Sigler of Oklahoma will go against the Longhorns and with this combination the Oklahomans are confident that

they are going to dehorn the Texans in Indian style.

A special Pullman loaded with fans from Ada are due to arrive here tomorrow and Friday's game promises to be one filled with enthusiasm from the very start.

Advance display of autumn apparel. The style element of each garment, no matter how expensive, has been critically examined and none but the best has been chosen for our display. Burk's Style Shop. 7-30-31d.

Confederate's Pardon Now In Possession Of Citizen of Ada

A document of unusual interest as well as of considerable historic value is in the office of the Evening News. The document is a pardon granted to E. J. C. Thompson of Grayson county, Texas by President Andrew Johnson more than fifty-four years ago and belongs to George Thompson of Ada, one of the best known citizens of Pontotoc county, and a son of E. J. C. Thompson.

The pardon was granted to the elder Mr. Thompson as a veteran of the Confederate army. During the war between the states he served in the Southern armies and like all his comrades was subject to severe penalties when the war had closed. Their was a strong demand by the Thaddeus Stevens contingent that all former Confederates be punished for their participation in the war, and for a time it looked as if this demand would be acceded to by the government. Finally however, on May 29, 1865, President Johnson issued a proclamation offering to pardon most of the Confederates. If they would only make application to the president. It was under the terms of this proclamation that Mr. Thompson was granted a pardon April 25, 1865.

The original document is now somewhat damaged by the years, but the writing and signatures are still as legible as they were fifty-four years ago when the pardon was first written. It is signed by Andrew Johnson as president and by William H. Seward as secretary of state. One of the conditions of the pardon is that the recipient thereof shall never employ slave labor or profit by slave labor.

Normal Students at Railroad Stations Made Quite a Scene

If you happened to be at the railroad stations yesterday when the bulk of the Normal students were leaving, you will agree with the title of this article. As usual, the greater per cent of the number were girls. They were crowded in the waiting rooms and on the platform. Some were hurrying here and there trying to get trunks checked at the last minute. Others were trying to locate missing baggage. Others were knotted together merrily planning their vacations. Last, and as usual not least important, some of the girls were exchanging parting words with their "friends." Indeed, the lovelorn swains of the city could hardly bear to see the summer fairies leave the town.

When the train arrived there was a scramble to get on. The seating capacity of the cars was far too small to accommodate the passengers. When they did get inside, however, heads were popped out of the windows to resume the conversations with "friends" and others that were interrupted by boarding the train. It was comical to see the summer beaux leaning against the side of the coaches for a parting word, or see them standing even on the roads to get a last look at their fair ones. There was a plain show of nervousness on the part of those on the platform and those in the coaches as the bell on the engine began to toll and the train started with its load of studious young men, pretty girls and school teachers and professors of all varieties known to pedagogy.

While the students are human and were anxious to get off on their vacations there was plain evidence that they were well satisfied with the work accomplished. Numerous unsolicited expressions of good will for the Normal and their friends proved beyond a doubt that many will return to Ada at their first opportunity. And, those who never return who have been hospitably treated by the people of the Double-A Town will advertise our city to our credit far and wide.

Birds cannot open their feet when their legs are bent.

Normal President Warmly Praises Latest Pesagi

The following letter concerning the 1920 edition of the Pesagi, the student annual of East Central has just been received by Miss Anna Weaver Jones of the Normal faculty from President Linscheid:

"Miss Anna Weaver Jones, East Central State Normal school, Ada, Oklahoma.

"Dear Miss Jones:
"Just as I started for the train Monday evening, a copy of this year's Annual of the East Central State Normal School was offered me, marked 'presented to President Linscheid by the members of the Senior Class'

"I am writing this to thank you for this present. Please convey to the Senior Class my thanks for the consideration that they have shown me in thus remembering me. 'I must not let this occasion pass without complimenting you and the Class upon the excellence of the Pesagi. It is one of the most interesting, the most attractive, and most appropriate annuals which has come to my attention. May I say in this connection that I congratulate you upon the commendable zeal and ability which you and your Class have shown in getting out a work so excellent.

"It seems to me that there is every evidence of good and substantial work at East Central so far as I have been able to judge from my rather hasty visit to Ada and the Normal School. I am certain that a thorough investigation will only increase the very favorable impression which I have formed thus far; and the copy of the Pesagi is one of the concrete bits of evidence which goes far to confirm my belief that we have an institution of which we may well be proud. It is a source of genuine satisfaction to me to be connected with the Normal school which can turn out work of so high a quality.

"Let me thank you and the Seniors again for remembering me in this manner

"Very sincerely yours,
"A LINSCHIED,
"President-Elect, East Central State Normal School."

THE MEXICAN FEDERAL TROOPS FIX TO FIGHT

By the Associated Press

MEXICALI, Lower California, July 30.—Mexican federal troops will attempt by superior numbers to out flank and drive from Mexicali the forces being recruited here by the Esteban Cantu government of the lower district of California, according to Cantu leaders, who are preparing for the defense of the region today.

To counteract such a move strong positions on high ground are being selected by the defenders, Cantu, officers said, with a view to sweeping a large expanse with artiller with the approach of advancing troops from Manizillo and Guaymas.

Sixteen Years Ago From the News Files

E. H. McKendree is in Muskogee today.

The Browns will play McAlester tomorrow, Friday and Saturday.

R. M. Roddie, the life insurance agent, went to Oklahoma City today.

B. H. Epperson left today for parts unknown, but the supposition is, however, that he went to Texas for a few days.

The Ada Browns returned home last night from a tour north on the Frisco. They lost two games with Sapulpa and won as many from Tulsa.

Japs fail in attempt to take Port Arthur after three day's assault. Russians lose 5,000 and the Japanese losses are estimated at 20,000. Japs retire to the eastward of Port Arthur.

The Choctaws will elect their last governor tomorrow, as their tribal relationship expires in 1906. Green McCurtain, the present governor and Thomas W. Hunter are the two candidates.

The campaign for governor of the Chickasaw Nation will close Wednesday, August 10th, 1904. On this date the voters will decide who will be the last governor of the Chickasaws. Douglas H. Johnston and Richard McLish are candidates.

WHEAT MARKET SUFFERS FROM ACUTE DEPRESSION

By the Associated Press

CHICAGO, July 30.—Acute depression recurred today in the wheat trade and more than twelve cents per bushel breaks in values were witnessed, chiefly as a result of scarcity of buyers rather than selling pressure.

At mid-day the December deliveries had fallen to \$2.21, as against \$2.33 1-4 at yesterday's finish. Breaks in foreign exchange rates, together with reports that the British royal commission had pulled out of the market until next Wednesday, or later, were among the various influences. Talk of lower food prices by leading bankers here also attracted attention; and, too, predictions in other quarters that the movement of the wheat crop would double in volume next week.

A word to the Wives is sufficient

Whenever we bring out something special for married men, we address their wives—then we are sure that our message reaches its destination.

So today, we forget that we sell Men's Clothing and remember only that the principal aria in every home is sung by the prima donna.

LADIES: The handsomest lot of Summer Suits that ever graced a clothing store are gracefully nodding their heads as you note these headlines.

They are Ideal Suits for a married man because they put him on a footing to compete with his wife in looks—and they allow a wife to be proud of her hubby's lines.

TWENTY-ONE KILLED AND EIGHTY-TWO INJURED EXTENSIVE LIQUOR RAIDS STAGED IN NEW JERSEY

By the Associated Press

BERLIN, July 29.—Twenty-one workmen were killed and 76 severely and six slightly injured in the explosion of a munition factory today at Nurschen, sixty miles south of Prague.

NEWARK, July 30.—Extensive liquor raids staged late yesterday in Newark and Jersey City, by nearly a hundred federal agents, were followed today by the seizure and dumping of whiskey valued at \$150,000, according to an announcement by prohibition enforcement agent Shevlin.
